### Is this Village Voice's Swan Song?

**Are you a regular reader of V.V.?** by one particular individual.

Unless Village Voice is shown more practical support, our April issue will be a final production.

Village Voice has been in operation now since September 2004, circulating between 500-1000 copies monthly (except January).

In that time we have requested in each issue that our local groups support V.V. by donating copy paper or \$5 in its place.

However and most unfortunately we have, to date received only sparse donations of paper from only a small number of groups.

Village Voice was started to assist our local community groups to promote their good works and upcoming events to give the local residents valuable information on what's on in and around the town.

We have kept our promise to exclude advertising, to provide utmost space for all groups.

Village Voice is produced voluntarily by Blackbutt Youth & Community Association and is not the personal business venture of its editor as has been touted about town

We have battled the knockers for the past 18 months and appreciated the small number of people who have from time to time offered to help with its folding and stapling etc.

We receive no funding and make no revenue from its production.

If you are interested in helping either financially, with paper or practical assistance, we ask that you come along to our information day on 25th March (see page 13)

Should we cease production after April, we will continue to publish Village Voice on Blackbutt Online, but that will not get the word out to those who don't have the internet.

We would like to publically thank both Dorothy Pratt's kind staff and Benarkin State School for their valued and continued support with photo-copying V.V. on alternate months. Without their support there would have not been Village Voice for the past 18 months.

## **So why do we need a community centre?**

Submitted by: Chris McNeil

The need for a community centre has been highlighted many times in the past few years.

While some say it would be a great improvement and such a facility would assist our community, others believe they don't need a community centre.

So why do we need a community centre and who would benefit?

Please attend the Information Session on Saturday 25th March as this is YOUR town and this would be YOUR community centre. **(see page 2 notice)**

## Letters to the Editor

Please remember your letters are appreciated where possible being sent via e-mail but if this is not possible typed or at least printed neatly and in 150 words or less.

Hi readers

Last month I was stopped me on the street by a resident to complain about our local Lions club charging a \$5 site fee to community groups.

While I can see some may see this as an issue, I don't.

When a group runs a stall it is to raise funds for their individual good work to continue. Yes it would be nice to do so without a fee, however \$5 is not really asking a lot and after all, Lions have to pay a fee to hire the grounds and any power used and cover public liability etc.

Blackbutt-Benarkin Lions as we understand also charge themselves \$5 fee for their own stall when they sell tickets at the markets.

In the past the markets were operated privately and community groups were given the blessing of no fee for stalls.

Our local Lions club is providing a community service so what if they charge \$5? I believe it is a fair and equitable arrangement and we should support the Lions Community Market not knock them.

**A Joke for our Seniors  
How do you want your eggs?**

We went out to breakfast. The waitress told us the "seniors' special" was two eggs, bacon, hash browns and toast for \$5.99.

"Sounds good," my wife said. "But I don't want the eggs."  
"Then I'll have to charge you seven dollars and forty-nine cents because you're ordering a la carte," the waitress warned her.

"You mean I'd have to pay for not taking the eggs?" my wife asked incredulously. "I'll take the special," she said.

"How do you want your eggs?"  
"Raw and in the shell," my wife replied. She took the two eggs home.  
**DON'T MESS WITH SENIORS!** We've been around the block more than once!

**Did you know... Your time & skills are worth their weight in gold?**

We don't always have the financial resources to make substantial cash donations to charity, but we do have our time and skills.

You do not necessarily need to join a local community group, but you will be welcomed as a casual or regular volunteer.

Many of the community groups in our district work tirelessly in manning stalls, catering functions and many other worthwhile endeavours.

Are you new to the district and would like to do something, but don't know exactly what and how you will fit in?

Groups who would benefit from extra hands include the following, though we stress this is to be confirmed by the individual group.

**Our suggestions are:-**

- Blackbutt & Benarkin Aged Care Association Inc

- Red Cross Blackbutt

If any of these suggestions are of interest to you, why not phone their contact number listed on page 3, and ask if they would like your assistance.

### A letter from Blackbutt Singers

Submitted by: Maree Hammond

Dear residents of Blackbutt, Benarkin and district

Is there any better way to celebrate Wolfgang Amadeus Mozart's 250th birthday than to sing in his birthplace Salsburg in Austria?

Three invited members of Blackbutt Singers will be joining The Esk Community Choir's performance Tour of Europe, departing Brisbane 10th May this year where they will give concerts in Munich, Salsburg, Vienna, Budapest and Prague.

Much preparation is under way with a repertoire of more than 29 arrangements to be learnt off by heart including being sung in German, Spanish, Latin, African and English and all in 4 or 5 parts.

Please join us and share in an afternoon of beautiful melodies, Miss Melinda's dancers complimenting our international items and instrumentalists.

We thank you very much for your support as we prepare for this trip and your generosity over the 14 years that the Blackbutt Singers have been making music.

We look forward to seeing you and your friends on Sunday 26th March at 2:30pm.

Best wishes  
Maree Hammond

## The final adventure of Buster the cat The last meow

Well folks, as most of you know, I am home.

Actually we came home in time for Christmas, but the servants were busy with family and grandkids, so I was often left at home for the day alone! Fitting, I suppose... I am a pretty fierce guard cat now I am bigger. Ask Auntie Chris about my lovely sharp teeth!

However, I was not allowed to use the computer unsupervised, so I had to wait for Judy to help me type this.

I enjoyed my time as a caravan cat, but probably would not do it again, as I love my bigger spaces to patrol. Judy says that I play too much all night and get everyone else up too early to be the best company in a small space, anyway.

My leash is allowed to be longer here at home too, and once or twice I have even managed to slip the harness and roam a little further afield. It is very funny to watch Don

and Judy beating around the bush calling for me. I just wait and ambush them around the ankles when they least expect it, then wait to be carried home. Such fun!

The scrub turkeys are back in great number again, darn it. I hate it when they back up to me and kick leaves and dirt in my face. If I were like my cousin, the panther, they wouldn't be so brazen.

Still, turkeys or not, it is nice to be home and seeing all my old friends around the place.

Thank you all for your interest in my travels

Judy and Don say people are asking more about how I enjoyed the trip than how they did. Well, of course! After all, who is the head of this house?

Buster,

For the 3 grey former Nomads

### G'Day Mates!

There's a new Doctor in the town!

I heard on the grapevine your new doctor will be open Monday to Friday from 8am to 6pm (that's Friday 6pm too). What's more Doctor Daphne (first name) is also open **EVERY Saturday morning** from 8:30 to 1pm. That's GREAT mate!! The new GP realises people sometimes fall ill on a Friday afternoon, when it's too late to do anything about it. We still need a second doctor, but this is a great improvement.
